Subject: RE: Magna Metals site SSDS verification testing (Site No 360003)

Hi Donald – DEC and DOH have reviewed the Magna Metals/Polymedco SSDS verification testing, and have no further comments on it's operation & maintenance, and find the report acceptable.

Thank you again for providing this information on the SSDS.

Yes, please share a copy with Lorenzo Thantu at the USEPA.

Matt

Matt

I only sent it to you, Renata, and Polymedco (as tenant). I can forward it to the USEPA (Lorenzo Thantu?) if you feel that would be proper.

Thanks,
Don

Hi Donald – We received the SSDS verification testing for Magna Metals based upon our previous conference call w/DOH.

Did you share a copy with EPA?

Thanks
Matt

Matt and Renata

Baker Capital has completed the requested verification testing of the SSDS in the Polymedco office and lab space on the Magna Metals site. The report documenting these activities performed by Aztech Environmental is attached.

Please let me know if you have any questions on the report or the system.

Thank you,
Don
